

POP Pesalakan Organic Project

Producing 4 F (Food, Feed, Fertilizer & Fuel) with Zero Waste

Integrated Farming Systems Program (Simantri) for rural farmers is the cultivation of crops and livestock, to process plant waste for animal feed and fodder reserves in the dry season, and process livestock waste (faeces, urine) into bio-gas, bio urine, organic fertilizers and bio-pesticides. Simantri program is the only program in accordance with the teachings of Ayurveda Agriculture System containing spiritual values especially in the maintenance of the environment. metroballi.com/2013/09/29/simantri posballi.com/i-gede-sutapa simantri.baliprov.go.id/
